

Golden time for assets diversification

Bridgewater Associates founder Ray Dalio said USD bonds are riskier than Bitcoin. It's time to diversify your assets into quality assets in different parts of the world.

Casino FANGS Sands sold all its USD assets and bets on the business and assets in Asia. Yesterday, Blackstone acquired the controlling shareholding in a famous China Property Stock "China Soho". Early birds already started the diversification years ago and now comes the "Golden Time".

Many of our rich clients already diversify into quality properties at discounted prices in different parts of the world during the pandemic. At the same time, quality listed shares in Hong Kong Stock Markets and international funds with track records will offer you to diversify your assets into quality China assets at big discount prices. Do you want to take a ride in our time machine? bringing you back 10 years ago and buy quality properties in one of the major cities in China?
